WASHINGTON AFFAIRS

(Special to The Bulletin.) Washington, D. C., Oct. 17.—No state need lose a member of congress or have one added to its quota if congress takes advantage of the terms of the Constitution and defers reapportion-ment of representation till after the elections of 1922-24-26 and 1928 instead taking of the census. That would leave Connecticut's representation at five the same as at present, instead of increast to six as the new census per-Moreover there is nothing to prevept congress from calling for another consus at once, for the Constitution provides that a census shall be taken

Stories That Recall Others

Women of Middle Age THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annnoying symptoms such as nervousness irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

A fton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound in my girlhood days, by the pound has done for me. During Change of Life I was in bed for 18 months and had good care, but did not improve. A friend advised me to take Lydia E. Pinkham's Vegeta-ble Compound, which I did, and in a short time I felt better. That was five years ago, and now when I feel run down and nervous I take the Compound and it always does me good.
